Piggy Bank vs. Credit Union

Where do you stash your cash? You could keep it in a piggy bank, coin jar, or other secret spot, but did you know that your CCU savings account is really the best place to keep it? A lot of things happen when you bring your money into the Credit Union and deposit it into your account. Here are a few of them!

- We pay you money called interest just for keeping your money here. This helps your money add up faster than it would in your piggy bank.
- We keep your money safe – we'll never lose it or misplace it. Plus, you'll be less tempted to spend it, too!
- Your savings account grows every time you make a deposit and will never run out of room like your piggy bank could.
- Every time you come into the Credit Union to make a deposit to your savings account, you get to visit with our friendly member service representatives.
