### **Debit/Credit Card Payment Disclosure:**

By clicking “Make A Payment” I understand that I am submitting an online payment to the Cochise Credit Union loan I herein specify and I agree to the following:

- This payment method is for monthly loan payments only, and not for principal loan reductions or account deposits. A maximum payment amount of \$5000.00 applies.
- I authorize Cochise Credit Union to initiate a charge on my credit or debit card in the amount I request, plus a fee of 1% of the payment amount.
- I acknowledge that I am responsible for entering the correct payment amount and credit union account number, and that Cochise Credit Union may rely wholly upon the information I provide.
- There is a sufficient balance on my debit or credit card to pay the requested payment plus the fee, and agree that Cochise Credit Union is not liable for any overdraft or insufficient funds charges (including, but not limited to, NSF Fees or finance charges) caused by my failure to maintain funds sufficient to pay the payment amount I request.
- I understand that the holder of my credit or debit card may charge cash advance fees for this transaction, and it is my responsibility to be aware of, and to pay any such applicable fees.
- I understand that the online payment will be authorized immediately on my card, and subsequently credited to my Cochise Credit Union loan within 2 business days.
